The competition will be held according to the ICF wildwater canoeing competition rules 2013

Buoyancy Jackets

According to the ICF wildwater canoeing competition rules 2013 (art 18.2.1), a buoyancy jacket must comply with the current industry standard, namely EN ISO 12402-5 (Level 50) or any national standard that meets the same requirement. At a competition the buoyancy jacket's uplift will be tested using a 6.12 Kg calibrated stainless steel weight or its equivalent in other metals. The buoyancy jacket manufacturer markings and identification must comply with the EN ISO (or equivalent national standard) standard to allow the control of equipment by ICF officials. This applies to all sizes of buoyancy jacket regardless of body weight.

Helmets

According to the ICF wildwater canoeing competition rules 2013 (art 18.2.2), safety helmets must comply with EN 1385. Each helmet shall be marked in such a way that the [required] information is easily legible for the user, and is likely to remain legible throughout the life of the helmet to allow the checking of the equipment by ICF Officials.

Shoes

According to the ICF wildwater canoeing competition rules 2013 (art 18.2.3), all paddlers must wear the shoes on their feet. The shoes must have a thicker sole to protect the feet. The shoes must fit in such a way that they will not come off in a capsize or be released from a boat.
